📍 Chennai, Tamil Nadu, India

SUMMARY

I am a detail-oriented and efficient Frontend Developer with over 2 years of experience in creating responsive, user-centric websites and applications. I have a strong background in HTML5, CSS3, and JavaScript, along with experience in collaborating within Agile environments. My focus on page performance and user experience optimization has helped improve website metrics significantly.

WORK EXPERIENCE

Frontend Developer

📅 03/2023 - 03/2025 📍 Chennai

Cblaze Infotech Pvt Ltd

Company specializing in web development

- Developed and maintained 10+ responsive websites using HTML, CSS, JavaScript, and Bootstrap.
- Created RTL-compatible websites for international clients, improving localization and accessibility.
- Collaborated with UX/UI teams to translate Figma and Adobe XD designs into clean, responsive layouts.
- Improved website speed by 30% using lazy loading, image compression, and code splitting.
- Participated in daily Agile standups, sprint planning, and task estimation using Jira.

Frontend Developer Intern

📅 03/2022 - 12/2022 📍 Coimbatore

Yuva Sakthi Academy

Educational institute focusing on skill development

- Assisted in building static and responsive websites using HTML5 and CSS3.
- Gained hands-on experience in Bootstrap and layout design.
- Supported senior developers in debugging and resolving cross browser issues.
- Created reusable components and maintained design consistency across pages.
